Intensive Outpatient Program

*Individualized treatment
and goals to meet
the unique needs
of every client*

Making Recovery A Reality

A safe environment

Long-term sobriety requires ongoing intensive treatment and a strong support network. Family Recovery Center will provide continued care and support through a powerful, convenient program that helps the client learn to fully integrate recovery in their day-to-day lifestyle.

Our Intensive Outpatient treatment (IOP) program includes an intense group environment that meets three days a week, three hours a session, in accordance with specifications set by the Ohio Department of Mental Health and Addiction Services (OhioMHAS). Groups are small and generally do not exceed 10 people.

Program components

- An individual, comprehensive assessment/evaluation
- Individual, group and family therapy
- Intensive Outpatient Therapy groups (3 times a week)
- Individualized treatment and treatment goals
- Medication assisted treatment is available
- Family involvement is emphasized and encouraged

Skills learned

- Managing urges and cravings
- Understanding the brain chemistry of addiction
- Intro to the 12-step program
- Accepting and acting on feedback
- Practicing effective communication
- Finding ways to reduce stress

For more information about Intensive Outpatient Treatment, or any other Family Recovery Center programs, call 330-424-1468 or 740-283-4946 or visit www.familyrecovery.org.

With Individual Outpatient

Treatment, clients can still go to work, get an education, and begin rebuilding their lives with the support and help they receive from the program. They can immediately apply the lessons they have learned to their lives.

- Identifying anger triggers and learning effective ways to deal with anger
- Improving decision making abilities
- Creating healthy relationships
- Relapse prevention

Eligibility

Eligibility for IOP is determined by a mandatory clinical/medical assessment, which is conducted as part of the admission process. Fees are assessed on a sliding scale, and Medicaid and most insurances are accepted.
