The Edge

A low-intensity
education group
for teens

330-424-1468
740-283-4946

There is Help!

- A comprehensive clinical assessment will be completed to determine the best level of care for your teen.
- **The Edge** program, a group experience, is specifically designed for youth between 13 and 17 years of age.
- The 10-week course includes individual and group counseling as well as drug screening.

Medicaid and most insurances are accepted.
Fees are assessed on a sliding scale.

**For more information about
The Edge program, call
330-424-1468 or 740-283-4946**

- Stress management
- Coping skills
- Symptoms of addiction
- Effects of drugs
- Triggers
- Cravings
- Steps to change
- Relapse prevention
- Peer pressure
- Healthy relationships
- Self esteem

What You Should Know

- The vast majority of adolescents do not use alcohol. In 2014, 11.5 percent of 12- to 17-year-olds, or 2.9 million youth, reported the use of alcohol during the past 30 days. These numbers mean that 1 in 9 adolescents used alcohol — 8 in 9 did not. In addition, the percentage of young people who use alcohol has been steadily declining since 2002.
- Slightly more than 2.3 million adolescents aged 12 to 17 in 2014 were current users of illicit drugs, which represents 9.4 percent of adolescents.
- In 2014, 7.4 percent of adolescents aged 12 to 17 were current users of marijuana. This means that approximately 1.8 million adolescents used marijuana in the past month.
